Permanent team assignments (“Festspielen”) are generally taken into account; exceptions are only possible upon request and with the explicit approval of the tournament management.

- Registrations in a higher category are permitted.
- For doubles pairings, the higher league applies (no “average”).
- Players from other regional or national associations as well as junior players must register according to playing strength; in case of doubt, in consultation with the tournament management.
- Winners of the previous year must register in a higher category in the respective discipline (if available). In doubles disciplines, this applies only if playing in the same pairing.
- If the number of registrations is low, playing classes may be canceled or merged. Experience shows this applies particularly to Women’s Singles and Women’s Doubles.
- The organizer reserves the right to accept or reject registrations deviating from these rules without giving reasons to third parties.

Tournament Format:

Group matches followed by a knockout system or placement matches. If the number of registrations in a discipline is low, only group matches will be played. The organizer guarantees all participants at least two matches per discipline.

Each person may participate in up to three disciplines; these do not have to be registered in the same playing class.

However, it is not possible to play the same discipline in different playing classes (e. g. Men’s Doubles Premium and Men’s Doubles Standard).

The organizer reserves the right to make short-notice changes to the tournament format and schedule.

Shuttlecocks and Prizes:

In all playing classes, feather shuttlecocks are used, which must be provided by the participants.

Winners and runners-up receive a cash prize, which may be supplemented by a non-cash prize. In draws with knockout rounds or placement matches, third place also receives a prize. The organizer invests approximately half of the collected entry fees into prizes.

Entry Fee:

EUR 10 per person and discipline. The entry fee must be paid in cash at the start of the tournament day.

Persons who win the tournament in three disciplines (Singles, Doubles, Mixed) in the same year are exempt from paying the entry fee for all future editions of the Alemannen Cup.

Registrations:

Preferably via the form at:

<https://bv-aachen.de/register.html>

Alternatively, registrations can also be submitted by email to anmeldung@alemannen-cup.de. Registrations will be confirmed within one week at the latest. If not, please feel free to send a reminder.

When registering, please specify the desired discipline(s) and playing class(es) as well as the last name, first name, club, email address, and mobile phone number of all registered players. If available, the player ID should also be provided. In doubles disciplines, registration by one person is sufficient but providing contact details for all registered persons is requested.

The tournament capacity is limited. If registrations are rejected due to capacity constraints, a publicly accessible waiting list will be created for the affected disciplines. Any subsequent admissions will generally be made in the order in which registrations were received.

The registration deadline is Saturday, 6 June 2026. Registrations after the deadline are possible if capacity allows. The tournament management reserves the right to accept or reject late registrations without giving reasons.

Data Protection:

By registering, players agree that their last name, first name, club, and match results may be published freely on the internet. Contact details provided to the organizer will not be published and will be used solely for the organization of the tournament.

During the tournament, photos and possibly video recordings may be made and subsequently published online for non-commercial purposes. By registering for the tournament, consent to this is generally given unless expressly objected to the tournament management.
